- III. Providence

Premiered at the Sandpoint Music Festival, August 1995  
Winner, National Federation of Music Clubs Competition, 1995

Program Note:

*Journey* was written while I was in residence at the Schweitzer Institute in Sandpoint, Idaho, in August 1995. The music was written in response to the rich musical environment I experienced that summer as well as the beautiful landscape of the northwest. Two of my most important musical mentors, Donald Erb and Forrest Pierce, entered my musical life that summer, and this piece is dedicated to them.
