

october skies

for flute quartet (2 C flutes, alto and bass) and optional electronics

12 minutes

Brooke Joyce (2003)

Premiered by Flute Force, 2004

Program Note:

Although this work is not programmatic, it was inspired by the many wonderful colors and sensations of autumn.

Technical needs:

If the optional electronics are used, a stereo speaker system, a CD player, and amplification (for each flute) with delay or reverb are required.
